

Lake County O&M Worker Job Announcement

August 5, 2021

Yolo County Flood Control & Water Conservation District (District) is recruiting for a part-time Lake County Operations and Maintenance Worker to fulfill duties at the District's Lake County facilities including Indian Valley Dam and Reservoir and Cache Creek Dam.

The Lake County Operations and Maintenance Worker is responsible for janitorial and maintenance activities at Indian Valley Campground, conducting inspections, observing and recording instrumentation readings, and making changes to irrigation and flood releases through valves and gates.

Persons in this position must be able to work independently for long periods of time and effectively prioritize and manage their workload to complete tasks in a timely manner. They must be able to communicate to members of the public in a clear and respectful manner. Persons in this position must be able to operate a vehicle, tow a small trailer, and perform minor vehicular maintenance including changing tires. They must be able to operate power tools including drills, saws and weed eaters. Experience in operating heavy equipment is desirable but not required.

This position requires regularly driving over rough roads, walking on uneven surfaces, lifting up to 50 pounds, digging, and climbing stairs and ladders. Workers must be available to work weekends.

The District offers competitive compensation (\$18.23 to \$21.19 per hour) along with vacation, holidays and sick leave. Job offer will be contingent on passing a background check, physical examination and substance screening. A DMV driver report must be submitted along with the application. Applicants may access the application at www.ycfcwcd.org. Questions regarding this position should be directed to Jennifer Reed at 530-662-0265 or jreed@ycfcwcd.org.

Essential Job Functions

1. Makes changes to irrigation and flood releases from Indian Valley and Cache Creek Dams as directed.
2. Operates the hydroelectric generators as directed.
3. Communicates noteworthy events and unusual circumstances to the Facilities Supervisor, Project Manager or General Manager as appropriate.
4. Performs inspections and monitors the condition of the dams, outlet works, access roads, buildings, and equipment according to District protocols.
5. Takes readings and keeps accurate records at the dams, the hydroelectric plant, the Indian Valley outlet works, water treatment plant, and other associated appurtenances.
6. Maintains a working knowledge of the Emergency Action Plan(s) and participates in drills and exercises.
7. Keeps the campground, restrooms, dam facilities, and access road clean. Picks up litter and empties trash receptacles and disposes trash at landfill.
8. Monitors campground registration, reinforces campground rules, and provides a stabilizing presence at the campground.

9. Performs minor plumbing repairs including attending to clogged toilets and repairing water pipes and valves.
10. Performs a variety of general maintenance tasks including painting and brush and vegetation control.
11. Operates the water treatment plant and analyzes raw and finished water quality.
12. Safely operates a District vehicle on rough roads and highways. Changes flat tires and performs minor vehicle maintenance.
13. Assists the Facilities Supervisor, Project Manager and other District staff as needed.
14. Establishes and maintains cooperative working relationships with co-workers, water customers, outside agencies and the general public.
15. Attends regularly and adheres to prescribed work schedule to conduct job responsibilities.
